I choose my mom for my essay. Her name is rose. She is 40 years old. She has 3 brothers and 2 sisters she is the oldest of the six .Her mom died at age 45 of cancer my mom was in her twenties .Of course my mom means a lot to me .Sometimes she can be my best friend and sometimes she has to be my mom but I love her just the same. She's always been there for me when I need her. When it comes to respect my mom earns every bit of it.

The biggest way my mom has impacted my life is by showing me what is right from wrong. By giving me the education that I need, by helping me on assignments and homework, by being there for me and my family, for loving me and for always taking care of me the best way that she can.

She also impacted my life by showing me that she would do anything for her family. For instance when my sister was in a really bad accident in Utah my mom and my dad dropped everything they were doing to go and help her when she needed them the most and that really showed me that she had everything integrity means sincerity , honesty and much more. To me and my family my mom means everything to us.

I love my mom a lot. I also feel and think that when I'm with my mom she makes me feel special, loved like I'm one of a kind. When I think of my mom the only thing I can think of is integrity which is an example of Wholeness, completeness, honesty, respectful, sincerity and much more.

My mom doesn't work in an office, restaurant, gym, school, university, hospital, or any kind of building but she does something way more important than that. She takes care of us, she loves us, she's a wife, mother, and even a daughter but most of all shes my mom and I love her and that means so much more.
